Artemis Bot Cookie Policy

Last updated: July 11, 2024

At **Artemis Bot**, we use cookies and similar technologies to improve user experience, analyze our website traffic, and personalize content and ads. This cookie policy describes what technologies we use, how we use them and how you can manage them.

What are cookies?

Cookies are small text files that are stored on your device when you visit our website. Cookies allow our website to remember your actions and preferences (such as login, language, font size and other display preferences) over a period of time, so that you do not have to reconfigure them each time you return to the site or You navigate from one page to another.

Types of cookies we use

1. **Essential Cookies**: These cookies are necessary for the website to function correctly and cannot be disabled in our systems. They are usually set only in response to actions taken by you that amount to a request for services, such as setting your privacy preferences, logging in, or filling out forms.
2. **Performance Cookies**: These cookies allow us to count visits and traffic sources so we can measure and improve the performance of our site. They help us know which pages are the most and least popular and see how visitors move around the site.
3. **Functional Cookies**: These cookies allow the website to provide enhanced functionality and personalization. They may be set by us or by third-party providers whose services we have added to our pages.
4. **Advertising Cookies**: These cookies may be set through our site by our advertising partners. They may be used by these companies to build a profile of your interests and show you relevant ads on other sites.

Third party services that use cookies

We use several third-party services that may also place cookies on your device when you visit our site:

- **Vercel**: Web infrastructure provider.
- **jsDelivr CDN**: Content distribution network to load resources quickly and efficiently.
- **Google Fonts**: Service for the inclusion of typographic fonts on the website.
- **Google Analytics (Universal Analytics)**: Tool for collecting and analyzing data on website traffic.
- **Google AdSense**: Advertising platform that allows us to show relevant ads to users.
